ACK TARS OBJECT TO THEIR HEAD GEAR

New York, Aug. 7.—The Jack tars of the United States navy have made such a mighty protest against the time honored headgear and blouse they wear ashore and on dress occasions aboard ship, that to meet the clamor of the enlisted men the navy department has appointed a committee to decide on changes in their uniforms.

The enlisted men are desirous of obtaining coats and visor caps. Many of them want the wide flaring trousers, the world round, immemorial cut peculiar to sailors' uniforms, changed into the ordinary pattern.

FELL DEAD WHEN HE FOUND HIS SON

Sheridan, Mont., Aug. 7.—Nicholas Dunn, an aged citizen of Belfast, Ireland after searching for his son, James D. Dunn, for about 30 years recently discovered him in Alaska, and was so overjoyed at sight of him that he fell dead.

James D. Dunn worked in the mines in this region for a number of years, leaving here eight years ago for the Klondike to hunt for gold. He told some of his Montana friends that when a boy he quarreled with his father, and in the heat of anger ran away from home, came to this country and had never seen or communicated with any members of his family. The father began the search for the son a few months after he left his home and he never abandoned it. He traveled tens of thousands of miles and spent a fortune in the search.

story of his finding his long-lost son there and of his sudden death is told in a letter from young Dunn to one of his old Montana friends.

HOME TREATMENT FOR WOMEN

The Prescription of a Great Physician.

VALUE PROVEN.

During Twenty Years of Actual Practice.

Probably one of the most successful medical specialists in the treatment of women's diseases was Dr. Pengelly. He formulated Zoa-Phora by using a number of medicinal ingredients, which experience has shown him to be the best, and combined them in just the right proportions to produce the desired effect on woman's delicate organism. During more than twenty years of actual medical practice, he invariably prescribed Zoa-Phora for the alleviation of pain and for the permanent restoration of health to sick and ailing women.

Success to a marked degree attended his treatment of all those diseases and derangements of the genital organs which are peculiar to women only. It is not necessary to enumerate here the various forms of weakness and disease—all women know what they are—which Dr. Pengelly treated so successfully by the use of Zoa-Phora.

Further proof of these statements if desired, and more detailed information as to the results obtained from the use of Zoa-Phora can be obtained by writing the Zoa-Phora Company, Kalamazoo, Mich. They will gladly answer all inquiries and will send you copies of letters from many women who volunteer words of praise for the doctor's treatment. Within a short time the demand for Zoa-Phora brought about by the recommendation of women who had been blessed by its use, became so great that the doctor could not personally attend each patient, and now Zoa-Phora is being sold by reliable druggists nearly everywhere. It comes in sealed, sterilized, dollar bottles, already prepared, and compounded in just the right proportions. There can be no mistake if you ask for Zoa-Phora.

In each package will be found a copy of "Dr. Pengelly's Advice to Women" a medical book giving interesting and instructive information about all diseases of women, and the way to successfully treat them in the privacy of your own home. You need not tell your troubles to any one.

DRIVERS WERE SPILLED.

He is Accused of Obtaining Money Through Fraudulent Methods.

Buffalo, N. Y., Aug. 7.—Sonoma Girl, the unbeaten California mare and winner of the M. and M. stake, won a sensational race in the Empire State stakes, \$10,000, at Kenilworth park Tuesday. After getting away nicely in the first heat she broke at the quarter, and before she regained her feet the field was far away. The game mare went after the leaders, but just managed to get inside the distance flag. Despite the bad race, she was held favorite in the second heat, winning handily in 2:07 1/4.

In the third heat Sonoma Girl broke at the quarter and crashed into the fence, throwing her owner and driver, J. D. Springer, who escaped injury. With the shattered sulky at her feet the mare ran away nearly a mile. After investigating the accident the judges placed her sixth. The accident did not hurt Sonoma Girl and with a little urging she won the fourth and deciding heat.

Ed Geers, the veteran driver, handling John A. got into a mixup while scoring for the third heat. The old man was thrown from his sulky, but recovered, winning the third and fourth heats and the race. The 2:10 pace was captured by Aileen Wilson.

BUCKEYE STORIES.

Boy Highwaymen are Arrested.

Columbus, O., Aug. 7.—William Diaz, Frank O'Connell and Frank Krause, members of a gang of eight boy highwaymen, who operated in Cleveland and Columbus, were taken to Cleveland Tuesday to answer to 20 charges. Three others are in jail here and two are at large. They have made confession of their crimes and implicate John McClary, one of the boys at large, in the robbery of McClary's grandfather, from whom they secured a pair of spectacles, a gold watch and \$27 in cash. They claim that McClary decoyed his grandfather into a lonely spot where the rest of the gang held him up. They have admitted over a dozen holdups here.

"No Compromise" is the Watchword.

Columbus, O., Aug. 7.—"No compromise with the Bell company in either the long distance or the local field," was the slogan adopted by the Ohio Independent Telephone association in special session Tuesday at the Southern hotel. The meeting was the largest gathering of independent telephone men ever held in Ohio, more than 350 being present. The association will invoke the Valentine anti-trust law against any company which enters into a contract with the Bell company for the retirement of latter from the local field in exchange for the long distance business of the independent company.

A Labor War in Cleveland.

Cleveland, Aug. 7.—A labor war is being waged in Cleveland between the building and construction employers and the labor unions. Statements given out by both sides are entirely at variance. According to the employers, labor never was so scarce here. At least 1,000 men are being advertised for and more are wanted to work in Cleveland and a radius of eight miles. They blame the unions for retarding Cleveland's growth in the past. Labor, however, retorts that men are plentiful in Cleveland, and that if given 24 hours' notice, all the men needed can be supplied by the local United Trades and Labor council.

Banker Hoover Leaves the Pen.

Columbus, O., Aug. 7.—Driven to the station in the warden's carriage shortly after midnight Tuesday morning, Harry J. Hoover, formerly a Newark banker, who completed a five-year sentence in the penitentiary for violating the banking laws, went aboard a train for Newark, a free man. The departure of Hoover at midnight was unprecedented at the prison. It is said that Hoover feared arrest, although his friends have been working hard to prevent such an occurrence and to smother the indictments hanging over him.

Woman Shot Man Who Deceived Her.

Columbus, O., Aug. 7.—John Malone, a traveling man from Cincinnati, aged 43, is at a hospital in a very serious condition from a bullet wound in his neck fired by Mrs. Morris, or Malone, Tuesday. She admits the shooting, but says it was accidental and claims that Malone deceived her a year ago at Niagara Falls when she supposed that they were married, but three weeks ago Malone told her that there was no record of the marriage.

Street Car Ran Away.

Akron, O., Aug. 7.—A motorman on the loop line lost control of his car Tuesday night at the top of the hill on West Market street and the car, loaded with passengers, dashed down the hill at a terrific pace, straight through the busiest section of the town. Half way down it crashed into a buggy in which was seated Fred McBride, an employee of the Ellis livery barn. The car smashed the vehicle, killed the horse and threw the driver 20 feet, painfully injuring him.

Man Burned to Death.

Cleveland, Aug. 7.—In a vain endeavor to save John Bezick from burning to death on the roof of the Central blast furnace Tuesday night, Nicolas Thomas sacrificed his own life. Thomas died in an ambulance en route to St. Alexis hospital. Bezick expired a few hours afterward. Sparks ignited Bezick's clothes as he was repairing a chimney. A Riot in an Illinois Town.

Murphysboro, Ill., Aug. 7.—Word was received here Tuesday afternoon from Fordyce, ten miles west of here, that a gang of rioting Italians had control of the town. Sheriff Hanson and a posse went to Fordyce from here and suppressed the riot and made 18 arrests. The Italians were employed as laborers by the Iron Mountain railroad. They demanded the dismissal of Foreman Robert House. Refusal of Roadmaster Carey to accede to their demands caused them to attack House and Carey. The fighting then became general.

AL G. FIELD, MINSTREL KING

The Man Who Has an Ambition to Become a Farmer—With His Big Minstrel Troupe He will be Seen in Marion Next Monday.

Al G. Field, the minstrel man, says he would like to be a farmer. He does not exactly aspire to that distinction, he merely dares to hope for it, he merely longs for the pleasure, with that futile longing which one may experience when one wishes something that one could have by putting out one's hand, albeit there exists weighty reasons why the hand should not be stretched forth.

One of the reasons is Mrs. Field. She tells her Legs lord frankly (and who ought to know better than she) that he would be tired of it in two months. While not willing, openly, to admit the truth of this proposition, the minstrel man is not in a position to deny it very emphatically. Mr. Field says he would like to be a farmer, and he rather thinks he would like to enter rural politics and stand for the state legislature as the "gentleman from Blenden Corners," or some other equally important section.

This weakness of the minstrel man came out in the course of a conversation with some friends who are leaving on a vacation tour that involved
